Dear Sir:

This application is a divisional application of parent application U.S.S.N. 08/882,164 filed June 25, 1997.

The computer readable form and the paper copy of the sequence listing of this application are identical to those of the parent application.

Applicant hereby requests that the computer readable form and paper copy of the sequence listing of parent application U.S.S.N. 08/882,164 be transferred to the PTO file of this application and that the application be amended by insertion of the paper copy into the application immediately prior to the claims of this application.

No new matter is being added by this amendment.

Should any Patent Office Official want to telephone, the call should be made to John C. Hunt (Registration No. 36,424) at (416) 863-4344.

Yours very truly,

John C. Hunt
